

RSA Regional Selective Assistance

Grant offers accepted July – September 2022

2 REGIONAL SELECTIVE ASSISTANCE

The attached table details the Regional Selective Assistance (RSA) offers accepted in the three months to the end of September 2022. In this period 2 businesses in Scotland accepted an RSA grant offer totalling over £3.3 million. These offers relate to projects with planned investment of over £33 million, aimed at the planned creation and safeguarding of 433 jobs. Tier 3 accepted offers are marked with an *.

Payment of RSA is made in instalments, typically over several years as job and capital expenditure targets are met. Not all projects will proceed, and nor do all accepted offers result in full payment, as projects are sometimes scaled down or abandoned before

payments are made. The figures quoted in the tables, therefore, represent the maximum grant potentially payable if the project is satisfactorily completed, and **not** the amount actually paid to date. All job numbers given in this report are firms' forecast figures and are subject to change depending on future economic conditions and other factors affecting the businesses concerned
